

Kara Cares Dog Walking Service

My timeless days as a child were spent wading along the lakeshores and roaming the woods of Minnesota with my dog Nala, a Siberian Husky mix. No matter where I went, she always had my back, and whenever I came home she greeted me with a happy howl.

I know that our furry animals are family members too. They teach us how to love unconditionally and be present in every moment. Recently, I've developed the courage to love my job and my life, and therefore decided to venture out on my own. I am a happy new business owner of Kara Cares for Pets L.L.C, and I am offering dog-walking and drop-in services in Picnic Point – North Lynnwood, Washington and surrounding areas.

My goal as a professional dog walker is to develop a trusting relationship with my clients and their owners (you!). I hope to help each of my clients reach their exercise potential, and return them to you happy. Thank you for helping me make this new chapter in my life possible! I am truly honored to get to know you and your pups!
